

## DISPOSING OF TELEVISIONS, AIR CONDITIONERS, REFRIGERATORS, FREEZERS, WASHERS / DRYERS

According to the home electrical appliances law, the Kiryu Regional Waste Treatment Center is not permitted to collect air conditioners, televisions, refrigerators, freezers, washers / dryers as bulky waste. The following describes how to dispose of these items:

1. Contact the agent through which the item was purchased to find out the name of an approved collection agency which will return it to the manufacturer.

- When requesting an item to be collected, the retailer from which the item was originally purchased

or the retailer through which you are purchasing a new item will charge a recycling and collection fee .

2. Take the item to be disposed of directly to an approved collection agent who will return it to the manufacturer.

- Confirm the name of the item's manufacturer, and then remit the recycling fee through the post office. Take the recycling coupon along with the item to be disposed to a specified collection agent.

### RECYCLING FEES FOR ELECTRICAL APPLIANCES

\* Recycling fees may vary depending on the manufacturer. Fees quoted are approximations. Please check the "Recycle Ken Center" site on the Internet (Japanese only) for further information.

([www.rkc.aeha.or.jp](http://www.rkc.aeha.or.jp))
